- Practical experience in AWS (EC2 hosting).
- Comfortable working both on Linux and Windows systems.
- Familiar with GIT version control systems.
- Vector logo designs using Inkscape.

**Languages:** Fluent in English, Nepali and Hindi.

## EMPLOYMENT HISTORY

---

### Freelancer

#### **Full Stack Developer**

*As a freelance web developer, I got to work with small organisation and individuals. Taking on multiple responsibilities I challenge myself to build high performing robust and scalable applications according to the stakeholders' requirements.*

#### **Achievements:**

The web application I designed and developed for my clients reduced their manual work by around 15%.

#### **Responsibilities:**

- Developed an automated invoicing and payment system for a client by making use of CRON jobs.
- Design and developed custom CRM system using Laravel framework supported by MySQL database and jQuery JavaScript library.
- Lead the development team that designed and developed an online grocery store.
- AWS EC2 instance domain hosting.
- Design and developed a website for real-estate company having frontend landing pages, properties listing and backed admin panel for site moderations.

### **Surya Web Solutions (SWS)**

#### **Web Developer**

**Kathmandu, Nepal**

**Jul 2017 – June 2019**

**Achievements:** I joined SWS as an intern and was able to establish myself as a proficient web developer. There I got to work with clients from the UK assisting them to run a network of Angel Investors with a website as their primary platform connecting investors with entrepreneurs looking for funding.

#### **Responsibilities:**

- Design and develop an efficient solution for the problem statements encountered by the clients.
- Redesigned and optimized the website mail logger system by compiling, minifying and deferring the assets. Reduced the loading time by about 10%.
- Perform regular monitoring and updates by analysing system bug reports.
- Designed and developed internal system to automate employee payroll at the end of English calendar.

**ACTIVITIES AND INTERESTS**

---

Activities: Team sports, especially soccer, enjoy traveling, cycling
